

A SHOW OF ROBOTS, INDUSTRIAL INTERNET OF THINGS (IIOT) AND TECHNOLOGIES FOR DIGITAL TRANSFORMATION

The 13th edition of Automation Expo concluded on a positive note, setting new records in terms of exhibitors and visitors.

Automation Expo 2018 (August 29-September 1, 2018), the four-day extravaganza of factory and process automation with Robots, Internet of Things (IIOT) and Innovations in Manufacturing Technologies on display, ended on a positive note on the evening of September 1, 2018 at the Bombay Convention & Exhibition Centre, NSE Complex, Mumbai. The event set new records: more than **34,892 unique visitors** among the total number of **45,891** footfall and **934 exhibitors**, making it the most successful in the series so far since inception in the year 2002.

For the first time since inception, Automation Expo was held in two halls at the sprawling NSE Complex. While Hall 1 had the traditional automation majors in factory and process automation with the solutions in plant and process automation, Hall 2 had robots, the Industry 4.0 zone with 10 participating companies, augmented reality, virtual reality, several 3D printing solutions and a series of interesting start-up companies and also the Innovation Zone with student participation.

more than
20,000
PRODUCTS
are showcased

INDUSTRY 4.0
1ST TIME
on display

Over
45,891 VISITORS
visit the exhibition
every year

**ASIA'S SECOND
LARGEST EXHIBITION**
Automation & Instrumentation expo

15 INDUSTRIES
at one place
**ROBOTICS, IIOT,
FACTORY AUTOMATION
AND MANY MORE.**

**BUSINESSES
NETWORK**
with infinite opportunities

We have just concluded yet another highly successful edition of the Automation Expo series, I am happy to note that the exhibitors have received a very good response and the visitors have expressed satisfaction at the broad range of technologies on display, especially in the areas of IIoT and Digital Transformation that are of great interest to companies in the manufacturing domain as well as core sector industries

Awards at Automation Expo

At Automation Expo, every exhibitor is a winner, but the organisers decided to highlight a few in order to motivate companies for their exceptional displays and overall ambience of the booth. An eminent panel consisting of major users, analysts and industry bigwigs were entrusted with the task of judging the stalls based on select criteria like Product placement; Core Domain Competency/Ability to Respond customer query; Display of new innovation products; and Stall Design/Decoration, etc.

THE WINNERS

Stall Category – Small (between 9-40 sq.mtr)

Platinum – Beckhoff Automation Pvt Ltd
Gold – Flir Systems India Pvt Ltd and Feather
Silver – Festo India Pvt Ltd
Graphics India Pvt Ltd

Stall Category – Large (above 70 sq.mtr)

Platinum – Vega India Level & Pressure
Gold – SEW Euro Drive and Emerson Process Management
Silver – B&R Industrial Automation

Stall Category – Medium (between 41-69 sq.mtr)

Platinum – Aplab Limited
Gold – Alstrut India Pvt Ltd
Silver – Kawasaki Heavy Industries Pvt Ltd

Direct Foreign Participation

Guidance Automation, UK

Made in India – Exhibitors manufacturing using indigenous technology with IP that is Indian (Products manufactured after January 2015)

Make in India

Rittal India Pvt Ltd
Megacraft Enterprises Pvt Ltd

Made in India

Axis Solutions Pvt Ltd
Nagman Instruments & Electronics Pvt Ltd
Nirmal Industrial Controls Pvt Ltd
Renu Electronics Pvt Ltd

Innovation Zone – Students Pavilion

Platinum – Hybrid Car – Universal College of Engineering, Vasai
Gold – Smart Floor – Galgotias College of Engineering & Technology, Delhi NCR and Jamia Millia University, New Delhi
Silver – IoT Enabled Plotter – Vivekanand Education Society, Mumbai

Annexure I – Concurrent Events

Automation Expo 2018 had the following events held concurrently during the show:

- 29th August 2018 – Factory Automation Roundtable • 29th August 2018 – CEO Summit 2018
- 30th August 2018 – IIoT Conference • 31st August 2018 – FieldComm Conference
- 1st September 2018 – Environment Management Conference

Annexure II – Supporting Associations

Automation Expo 2018 was supported by the following Association, Institutions and Trade Groups:

- Govt. of India, Ministry of Science & Technology (Department of Science & Technology) New Delhi • Instrumentation Experts Club - IEC • ISA – The International Society of Automation, Maharashtra Section • Institute for Design Of Electrical Measuring Instrument (IDEMI) • MSME (Through IDEMI) • NASSCOM – Centre of Excellence (Co-Organiser) • Fieldcomm Group • All India Council for Robotics & Automation (AICRA) • All India Association of Industries (AIAI) • The AMA Association for Sensors and Measurement (AMA) • Indian Transformer Manufacturers Association • ARC Advisory Group • CC Link Partner Association (CLPA) • Indian Industries Association (IIA) • Indo Arab Chamber of Commerce & Industries • Indo African Chamber of Commerce & Industry • Indo American Chamber of Commerce • Bombay Small Scale Industries Association • Defence & Strategic Industries Association of India • Ethernet Powerlink Standardisation Group
